SAN LORENZO SX78 - AMERICA

The Sanlorenzo SX 78 embodies a new way of living the sea. More than a yacht, it is a crossover concept that blends contemporary design, comfort, and a direct connection with the environment.

Its water-level beach area creates a seamless link between yacht and sea, while bright, open interiors and customizable spaces offer a refined yet relaxed onboard atmosphere. The flybridge completes the experience with inviting outdoor living and panoramic views.

True to Sanlorenzo's philosophy, the SX 78 combines advanced engineering, stable performance, and understated exclusivity—defining a new style of yachting.
